In Floor Cellular Raceway System

Four Winds Casino in South Bend, IN added a 175,00 square foot, 23 story, 317 room hotel and spa to it's building, along with the expansion of the gaming floor.

Having Cordeck's N-R-G-Flor® System previously installed at three of their properties in Michigan, the Pokagon Band of Potawatomi Indians once again selected Cordeck for the expansion of the gaming floor.

Our In Floor Wire Managements System is the ideal system, making it perfect for quick gaming floor changes for the life of the building.

Our Innovative In Floor Cellular Raceway is an In-Slab Wire Management System That Delivers Power and Data Where You Need it
