N-R-G-FLOR+®
In Floor Cellular Raceway System

When Iowa State University added their rec center Cordeck's N-R-G-FLOR+® In Floor Cellular Raceway System an obvious choice. Not only is installing Cordeck's raceway more economical, but it eliminates tripping hazards by having the power supply directly under the work out equipment.

Iowa State University can freshen up their layout or make room for more equipment, seamlessly with minimal interruptions to their students and facility.

Our Innovative In Floor Cellular Raceway is an In-Slab Wire Management System That Delivers Power and Data Where You Need it
